

ANNIE P.

Bridging Communities Through Alternative Communication

ME IN A FEW WORDS

My name is Annie [REDACTED]. I was born and raised in Oakland. I have two brothers, Chris and Mark, who both got married this year.

I like to be active and enjoy going to Axis Dance class, doing art activities, and music class. I also love to go bowling and shopping. I often hang out with my friends. You can most often find us at Ed Roberts Campus in Berkeley listening to music and having fun.

At home I enjoy watching videos, especially cartoons. Disney movies are my favorite. If you turned on my iPad the play list would include Disney tunes, Carrie Underwood and Taylor Swift. "A Whole New World" is my favorite song ever.

What people like most about me is my smile and crazy sense of humor. I love being silly. My iPad is the best communication system I have ever had. It's also the way I access movies and music.

In the past year, I am really proud that I traveled to India with my family for my brother's wedding. The trip was awesome.
