

# JAKE W.

MY NEW CAR!

BIKING HIGHWAY 4 WITH BEATRICE AND DAD

## A Little About Me...

My name Jake [REDACTED]. My birthday is December 1, 1992. My nickname is Vince. I was born and raised in Menlo Park. I have one sister. Something you should know about me - I am fun!!! I am funny, happy, and I am always excited about something. What people love most about me is my sense of humor.

I'm really good at driving my power chair. The best thing about my chair is that it's fast. You can usually find me at home checking my email and Facebook. My postings on Facebook would most likely say - what's up! If I've got money to blow, I'm most likely to buy a train trip to San Francisco.

I like to hang out with my friends and you can most likely find us at the movies or at the Franklin Street Café. I don't like it when I am alone. I am so not into math. I am so into riding

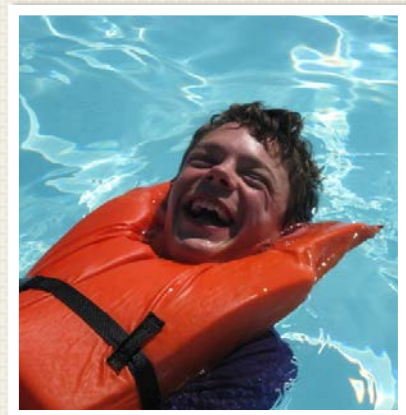

my bike. I love swimming because I like the warm water. I'm most interested in wildlife. I like to watch Wildlife movies. I'm most likely to google/surf the net for wolves. People may not know that I write short stories.

My favorite movie is Finding Nemo. My favorite read is Peter and the Shadow Thieves because of the characters. The one thing I am so not scared to do is listen to loud music. If you turned on my iPod or CD player, my playlist would include Bob Marley. My favorite foods are pizza, spaghetti, and toast. My favorite place to go is downtown Redwood City.

What really makes me laugh to the point of almost peeing in my pants is when my cow clock Moo's and people get startled. The best thing that ever happened to me - dad bought me a car. I can't live without my dad. When I get home I love to sit out on my deck. If I could only

wear one piece of clothing for the rest of my life it would be my vest.

This year I am going to attend the bridge school concert! In the past year, I am really proud that I worked with Ayelet, a speech language pathologist.
