

KEITH K.

I am a Bridge School Alumni, I recently graduated from Gunn High School in Palo Alto and I now attend the Post-Senior Program. I am also a student at Foothill College.

I am a friendly guy, hardworking (if it's not too early in the morning!), and I love to laugh.

I use a PRC ECO communication device, and Proloquo on my iPod to communicate. I also use signs and some voice.

Activities I enjoy include playing Powersoccer, drawing, going to movies, concerts, plays and sports events, Summer Sports Camp, and playing with my Skilled Companion dog Gerrit. I also like to play computer games, Wii games, watch TV, and read books.

I am currently exploring career opportunities where I can use my social skills and talents in art, computer animation, and theater.
