People may not know...

I collect pictures of bridges and put them on my wall.

ARTIST, COLLECTOR, HARD-WORKING

Bridging Communities Through Alternative Communication

THE 411

I was born in Siberia, Russia and adopted when I was 22 months old. I was born without arms; I am autistic. I use "Mr. Blue", my Vantage communication device, to communicate my thoughts, needs and wants. I like to bowl and my class works at Moonlite Bowl where I polish the balls using my feet.

A FEW OF MY FAVS...

I love to take road trips! I want a map close to me so that I know where we are going. The best

part of traveling is seeing all the bridges! Beth is my best friend. We go to the movies, look at the architecture of buildings and I get to eat my favorite food - MacDonald's cheeseburgers! I spend time drawing bridges and buildings. I'm really good with 3D and lines. I use my mouth for drawing.

Some of the other things I like to do...swimming, climbing, playing PlayStation games, watching my DVD's, riding my specially built bike at school, and going to malls.
