# MAX 13.

**Something  
people may not  
know...**

I love babies,  
animals and small  
children. :)

## HAPPY, FRIENDLY, FUN-LOVING

**I'm really good at flirting with girls. They seem to appreciate the tall, handsome and silent types.**

My name is Maxwell Taylor Brown. I like to be called Max. I was born and raised in San Francisco Bay Area. I like to listen to music, dance, watch any sport on TV, and play games on the computer. I'm most likely to google/surf the net for music videos and sport news.

### A BIT ABOUT ME...

I'm most interested in people and sharing experiences. My postings on Facebook would most likely say that I'm chillin with friends and family. I like to hang out with them in my free time. We like to watch music videos, listen to music and dance, watch and play sports, or play on the computer.

I love playing baseball and bowling because they are fun and you can hang with your friends. I hate leaving something while I'm having fun! You can usually find me at home goofing around with Mom and watching sports and great music videos with Dad. When I get home I love to go to my room and watch some TV. I have a secret addiction to the game show network.

My family rocks because they love going to concerts, listening to music and they are silly with a warped sense of humor. I can't live without my family! We are very close.

If I've got money to blow, I'm most likely to buy new music and concert tickets. My favorite style of music is Rock and Roll. Neil Young is my fav musician. My favorite concerts are The Bridge School Benefits! The best thing that ever happened to me is going to The Bridge School and becoming part of The Bridge School Family. If I could only wear one piece of clothing for the rest of my life, it would be one of my bridge school concert shirts.

### A FEW OF MY FAVS...

My favorite movie is Harry Potter (I especially like the 1<sup>st</sup> one). My favorite color is blue. My favorite pets are cats and rats. My favorite TV host is Howie Mandel. My favorite place to be is Disneyland. My favorite foods are linguini and clams (in a white sauce), sushi, pizza, pickles, and french fries from McDonalds. I love concert halls because I just love watching and listening to live music.

If you turned on my iPod or CD player, my playlist would include Annie Lennox, Neil Young, Dave Matthews, Billy Idol, David Bowie, The Who, Paul McCartney, James Taylor, The Civil Wars, Coldplay, Indigo Girls and Peter Gabriel (just to name a few)...

**In the past year, I am really proud that I have become more independent.**
