Quirky, cute, silly...

ME IN A FEW WORDS

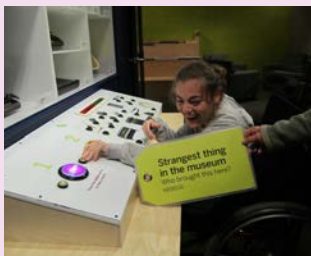

I am 24 years old. I graduated from the San Francisco school district. I

like to travel. I want to go on more trips with my mom. I like eating out and listening to mariachi

music (which I call peeps!). I enjoy planning outings around the city, like going to the farmer's market and having a picnic at Crissy Field.

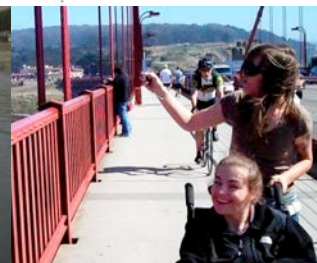

I also like to do things with my hands. I use a switch to scan my communication device called a Vantage Lite to help me speak.

I'm a videographer...
