People may not know...
 Something I keep in mind is -
 Always try your best and don't
 give up no matter what!

Artist, mentor, volunteer...

I am a Vietnamese American woman with Cerebral Palsy. I interact with people with the assistance of my Augmentative and Alternative Communication (AAC) device called "Pathfinder." I graduated from San Francisco State University in May 2005 with a bachelor of arts

in Liberal Studies. I would love to work with children with or without disabilities and teach them about disability awareness and art. I volunteered and worked at a few private and public schools in the bay area for a couple of years. I mentored students who use

communication devices. I would like to do this more often in the near future. I'm pretty easy going, friendly and love to laugh. I am an artist. So I draw, paint and make animation films. I'm also a writer. I write essays and stories.
