

Teacher-in-Residence Program Reflective Journal

Observation date(s):

This Reflective Journal should be completed each week of your residency at The Bridge School. Your responses will be used by you and your support team to discuss your observations, clarify any questions about situations you might have observed, understand more about your situation in your home country, and to provide experiences and resources you might identify as necessary to improve your understanding.

1. What was the most interesting thing you learned or observed during this week at The Bridge School? And why?
2. What were three points that were new to you?
3. What would you have done differently based on your previous experience in [home country] and/or prior knowledge of AAC? What would you change?
4. How would you incorporate something you observed at Bridge School into your planning process/teaching when you return to [home country]?
5. What additional experiences, observations, and/or resources do you need in order to understand and apply this information in your work and [home country]?
6. What questions/explanations would you like to discuss regarding this week's entry into the Reflexive Journal?
